

I LOVE TO DRAW

David Pintor

I love to draw.

I love to travel too. I love every place
I visited all over the world. Australia,
Italy, United States, Portugal, France,
Kenya, Turkey...

Since I bought a mobile with a camera,
I can take photos at every moment
of all the places I visit and then
easily share in facebook.

But not only places...

I took photos of my drawings too...

You can see here a piece of my world.

You can see more at my facebook profile.

Welcome
